About KOHINOOR DECOR

Who we are?

Incorporated in the year 1998, we 'Kohinoor Decor' are a sole proprietorship-based firm engaged as the foremost wholesale supplier and service provider for Interior designing and False Ceiling Products (Gypsum Plaster, Plaster of Paris, Gypsum Boards, P.O.P. Sheets, Metal Framing Accessories – G.I. Ceiling Sections, Aluminium Ceiling Tiles, Metal Ceiling Tiles, PVC Panels) and False Ceiling Services. Our products are high in demand due to their premium quality and affordable prices. Furthermore, we ensure to timely deliver these products to our clients, through this we have gained a huge client's base in the market. Under the direction of our mentor 'Mr. Mohd. Ilyas Sheikh (Proprietor)', we have been able to achieve a reputed name in the industry.

We, at Kohinoor Decor, one of the most recognized and leading manufacturing and trading firms in Nagpur, provide you with different types of Interior Designing, Gypsum False Ceiling (Residential/ Commercial), Installations, Maintenance or repairing at a professional rate of prescribed designs.

Our business is generally known for its next level ceiling designs, their resistance to extreme weather conditions, ease of services provided and skilled installations by workers.

We also take part in trading all varieties of ceiling products (Gypsum Powder, Gypsum Boards, Ceiling Tiles, Ceiling Sections, Gypsum and Plaster of Paris sheets) at a much cost-effective rate.

From our Executive Owner,

With my 25 years of experience in this stream of interior designing, false ceiling contracts and all related Gypsum works, I have been able to recognize every bit of trading and supplying every commodity in this scenario.

Our business usually deals with better customer satisfaction with every ease of better execution of the work. Our executing staff never fails to perform their tasks regardless of the direction they have been given.

Mohd. Ilyas Sheikh

Owner and Founder at Kohinoor Decor, Nagpur

PANELING SYSTEM

Paneling system not only reflects inspiring patterns with colors like natural wood, but also it encompasses modernity with various textures and natural ecofriendly technology. Combined with superior specification for its strength, durability, moisture resistant, and long service life.

Experience the Designer Classy Panels for your Beautiful spaces

The Paneling system consists of a panel which is a single piece of material, usually flat and cut into a rectangular shape, that serves as the visible and exposed covering for the wall or ceiling. Wall and Ceiling panels are functional as well as decorative, providing insulation and soundproofing, combined with uniformity of appearance, along with some measure of durability or ease of replaceability. While there is no set size limit for a piece of material fulfilling these functions, the maximum practical size for wall panels has been suggested to be 24 inches by 8 feet, to allow for transportation.

PVC panels can be used for covering interior walls, ceilings of rooms, offices, basements and especially in bedrooms, bathrooms and kitchens. Fiber cement cladding is a building material used to cover the exterior of a building in both commercial and domestic applications.

Fiber Cement Planks Cladding

Fiber cement is a composite material made of cement reinforced with cellulose fibers. We are recognized as a prominent and leading authorized paneling services provider from Nagpur. Our paneling services range differs from different attributes of our offerings from all types of spaces to exterior walls.
